Who we are

ID Supplies Pty Ltd operates nationally and has provided Australian businesses with security and identification products and services for over twenty years.

We are dedicated to delivering top-quality ID Card Printers and consumables, identification accessories (off-the-shelf and customisable), and ID card printer servicing and card printing that meet the evolving needs of organisations across various sectors and industries, such as healthcare, government, education, finance, corporate, and more.

These niche areas and accessories may seem minor. Still, they play a significant role in protecting and ensuring the safety of your assets and enhancing organisation and operational efficiency within a facility.

We offer a comprehensive range of quality identification accessories. Such as;

Plain & Printed Lanyards

Magnetic Badge Holders

ID Cards & Plain PVC Cards

**Heavy-duty Retractable Reels
(Key holders) & Zingers**

Flexible & Rigid Cardholders

Paper, Vinyl & Technology Wristbands

Armband & Hi-Vis Card Holders

Clips, Loops, Pins and more

We provide fast and efficient over-the-phone service and expert advice, specialising in remote and on-site technical support and repair for ID Card Printers. Other services include our in-house ID Card Printing, Card Printer Rental, and Custom Identification Accessory Artwork Creation.

Through our commitment to high-quality products and exceptional customer service, we strive to foster strong customer relationships built on a solid foundation of honesty, reliability, and trust. We strive to be Australasia's leading identification and security solutions provider, contributing to a safer and more secure environment for businesses and communities.

What we can do for you

ID Display Accessories

We can provide an array of ID Accessories perfect for ID display or securely holding Access Cards, Keys and Fobs.

Lanyards

We offer a wide range of plain and printed lanyards in various colours and measurements. The types of lanyards we supply include tubular, flat tubular, polyester, and smooth polyester. We provide standard printed lanyards with titles such as visitor, contractor, staff, casual, security and more.

Card Holders

Our card holder collection includes flexible, rigid, lockable, armband and magnetic card holders that come in various colours and measurements. The type of ID Card you require solely depends on what kind of card you'll be carrying. For example, a clear, soft plastic (flexible) card holder is best for an ID badge. Access Control Cards may require a rigid (hard PVC) card cradle that allows you to slide it in and out easily. For cards with more sensitive information, you may need a frosted card holder.

Retractable Reels

Retractable Reels, also known as Retractable Card/Key Holders or Zingers, are a great way to carry staff identification securely and provide ease of use when carrying Access Cards and keys.

Attach Retractable Reels to your belt pant loop, pocket and other clothing to keep ID badges and keys on you securely and discreetly.

The type of Reel that best suits you relies solely on your work environment and what you will be carrying. For example, a warehouse worker, factory worker or site manager may require a Heavy-Duty Retractable Reel with a strong steel cord and locking mechanism, such as a KEY-BAK reel. On the other hand, a Mini Retractable Reel, also known as Zingers, is more suited for a healthcare worker or office worker. They may only need to carry an ID Badge, one or two keys or an Access Control Card.

Clips, Loops and Pins

Make an impression with branded ID accessories

Customise Lanyards, Retractable Reels, Card Holders, Pins and Cards with your brand colours and logo.

Custom Lanyards

Customise your lanyards with your brand colours and logo. We have provided custom lanyards to schools, healthcare facilities, government events and organisations around Australia for over 23 years.

Epoxy Domes & Stickers

Perhaps you already have retractable reels but have decided you'd like to customise them. We offer the option of separately purchasing Epoxy Dome Stickers for reel customisation.

In-House ID & Membership Card Creation

Harness the power of bespoke PVC cards, meticulously pre-printed with your distinct design, as a cost-effective solution for staff cards or any PVC card requirements. The aesthetic appeal of custom cards not only enhances your brand's image, but when utilised as Staff IDs or Access Cards, they bolster security measures. A uniquely designed ID and Access Card is inherently resistant to illicit duplications.

Applications of Custom PVC Cards:

- Membership affiliations
- Loyalty programs
- Induction procedures
- Uniform employee ID cards
- Promotional endeavours
- Visitor and contractor identifications
- Gift card offerings

Our PVC Card Varieties Include:

- Magnetic stripe options (HiCo or LoCo with encoding capabilities)
- Signature panels
- Metallic colours available
- Sequential numbering
- Technology Cards (RFID & NFC)
- Varied thickness

ID Card Printer Rental

If purchasing an ID Card Printer isn't a cost-effective solution for you, ID Supplies has card printers ready to rent. Renting an ID card printer is more cost-effective for short runs of cards.

Standard Rental Costs

Our weekly rental fee starts at \$350.00 per week

Printing charges start from \$1.05 per printed side

All prices are indicative and include freight and GST.

If you're providing your own cards and ribbons, please let us know so we can subtract the printing charges from the total rental cost.

Please note: We cannot guarantee your cards or ribbons will work with our loan machines.
